TERM-1 COMPILED WORKSHEET (2024-25)
CLASS -VII
SUBJECT- ENGLISH

PRACTICE PASSAGE AND POEM	
Q.1	<p>Read the passage and answer the questions. Garbage is a great environment hazard. It comes from various sources—used paper, tiffin packing's, plastic bags, ice-cream wrappers, bottle caps, fallen leaves from trees and many more. Garbage makes the premises ugly, unkempt and breeds diseases. A lot of trash that is thrown away contain material that can be recycled and reused such as paper, metals and glass which can be sent to the nearest recycling centre or disposed of to the junk dealer. It also contains organic matter such as leaves which can enrich soil fertility. A compost pit can be made at a convenient location where the refuse can be placed with layers of soil and an occasional sprinkling of water. This would help decomposition to make valuable fertilizer. This would also prevent pollution that is usually caused by burning such organic waste.</p>
A	<p>Garbage originates from _____ (a) used paper, tiffin, packings, plastic bags and fallen leaves from trees. (b) leftovers of food. (c) fallen branches from trees. (d) building materials.</p>

C	<p>Find the word from the passage which meaning is same; (a) To reuse something _____ (b) To stop something _____</p>
Q.2	<p>Read the poem and answer the questions. Fame is a food that dead men eat, I have no stomach for such meat In little light and narrow room, They eat in the silent tomb. With no kind voice of comrade near To bid the feaster be of cheer. But friendship is a noble thing, Of friendship it is good to sing. For truly when a man shall end, He lives in memory of his friend, Who doth his better part recall, And of his fault make funeral. Questions</p>
A	What is a noble thing?
B	By whom fame is enjoyed?
C	<p>In the last line of the above poem the poet wants to convey that _____ (a) one should believe in friendship. (b) the faults of a man are highlighted by his friend after his death. (c) the faults of a man are forgotten by his friend after his death. (d) one should not run after fame and friendship.</p>

LITERATURE	
Q.7	Read the following passages carefully and answer the questions carefully. NAME the smallest insect you have seen, and the wisest. Is it the fly? No, it isn't. Is it the mosquito? No, not the mosquito. Then it must be the worm. No, none of these. It is the ant-the commonest, the smallest but the wisest insect. The story of an ant's life sounds almost untrue. But people have kept ants as pets, and have watched their daily behaviour closely. So we know a number of facts about this tiny, hard-working and intelligent creature. An ant uses its feelers or antennae to 'talk' to other ants by passing messages through them. Watch a row of ants moving up or down the wall. Each ant greets all the others coming from the opposite direction by touching their feelers. Questions
A	Which story seems to be untrue?
B	What is the use of feelers?
C	Do people keep ant as a pet?
D	What are the qualities of ants?
E	Name the lesson.
